Subject: Wheeler/Bargen water well investigation section 33 1N 67W (Complaint # 200432026)
Date: Wednesday, May 13, 2015 10:39:00 AM
Attachments: Engineering Review (2).xlsx

Susi,

The Colorado Oil & Gas Conservation Commission (COGCC) is investigating the occurrence of dissolved thermogenic methane in two domestic water wells located in section 33 1N 67W (754014 – Wheeler 245188 and 754063-Bargen 6879). The COGCC believes the above-mentioned impacts may be the result of nearby oil & gas activities and are attempting to identify the source. Approximately 53 oil and gas wells occur within 1/2 of a mile of the subject water wells.

The COGCC is compiling information from companies conducting oil and gas operations in the vicinity. Attached is a list of the required information in the form of headings for an Excel spreadsheet for O&G wells KPK operates within 1/2 mile from the subject wells. Please provide your information by the close of business on 07/01/2015.

The COGCC is requesting information for the following KPK wells:

05-123-07689	AMOCO-CHARTER-SCHNEIDER #2
05-123-07728	AMOCO-CHRTR-SCHNEIDER U B #4
05-123-07729	AMOCO-CHARTER-SCHNEIDER #5
05-123-07732	YOXALL FARMS #1
05-123-07773	DAVID HOWARD #1
05-123-07820	DAVID HOWARD #2
05-123-07957	UPRR 43 PAN AM G #1
05-123-08797	HARRIET W LUCKE #2
05-123-08798	DAVID HOWARD #4
05-123-08799	AMOCO CHARTER SCHNEIDER #B-2
05-123-08800	AMOCO-CHARTER-SCHNEIDER #9
05-123-08802	AMOCO-CHARTER-SCHNEIDER #11
05-123-08972	DAVID HOWARD #5

If you have questions or comments, please contact me.

Thanks in advance for your attention to this matter.

Arthur
