Gentlemen:

Your literature, relative to unitization of oil land, in Rangely, Colorado field, in which I have an interest, received.

I do not care to sign anything more connected in any way with Mr. G. T. Hansen (Utah So. Oil Co.) and Mr. J. I. Lougan (Weber Oil Co.) until I communicate with others interested in the Rangely oil field in Colorado. The two above named men, by cutting in a clause, the signers of lease failed to understand, cut the royalty percentage from 7% to a very small percentage, In our Lease taken over by Calif. Co.

I do not care to sign any papers in which these men are involved until a full investigation can be made.

Very truly,

Ninette G. Lumm
