Re: West Rangely Weber Unit
Rio Blanco County, Colo.

Dear Mr. Teasdel:

We have your letter of June 24th addressed to The International Trust Company, Executor, relative to the above matter. Your letter apparently is addressed to us in our capacity as executor of the estate of E. E. Brown, deceased. The interest which Mr. Brown owned during his lifetime is operated by Continental Oil Company and we have felt that we should be guided in a large measure by Continental's views with reference to the West Rangely Weber Unit. At such time as Continental unqualifiedly recommends to its working interest partners that they join in this Unit we will very probably join in the agreement.

Yours very truly,

Vice President
