MR. W. H. WALCHE:

All of the consents that have been signed have now been forwarded to your office. Mr. Riebesell, Mr. Nance, and Mr. Price will forward you separate reports on their contacts on people who did not sign consents. As to all of the Vernal contacts, other than the Emerald owners, we have secured consents except the A. D. Voorhies Estate. Dean Voorhies, who handles this through his attorney, Clyde S. Johnson, was out of town last week but Mr. Johnson assures me that he will secure this consent and forward it to your office.

As to the Salt Lake contacts, none of these consents were secured. However, I talked to Claron O. Spencer, Vice-President and Trust Officer, Zions Savings Bank and Trust Company, regarding the interest of Mrs. Nola Pope Funk. Mr. Spencer appeared favorable but wanted to check further on the matter of unitization before consenting to this interest, and also to the three Emerald interests they hold in trust.

I also talked to Mr. Charles H. Carter, who is with the U. S. Bureau of Reclamation in Salt Lake City, and he stated that he was inclined to favor unitization but wanted to further check with others before signing. He talked with the U. S. Geological Survey in Salt Lake, and apparently is also awaiting the decision of Mr. Willard Smith, Vice-President Zions Savings Bank and Trust Company. I believe that you will receive his consent. He also will control his brother, Don C. Carter now living in New York. His other brother, R. Lawrence Carter was on vacation and will not return until the end of next week - about October 23rd. We will call him by phone about October 25th.

The above are all the contacts the writer did not secure consents from.
