Dear Harold:

This refers to your letter of May 27th concerning the West Rangely Weber Unit in Rio Blanco County, Colorado.

On September 9th, 1954, we wrote you that our company could not join the proposed unit for the reason that our partners, owning a larger interest than we do in our more important leases, had definitely refused to participate in the proposed unitization project.

In view of the fact that some time has elapsed since then, we shall check our partners again to determine whether they have changed their views, and we shall inform you of the results as soon as possible.

Sincerely yours,

EF
