Attention: Mr. H. C. Teasdel, President

Gentlemen:

Please accept our apologies for the delay in answering your letter of May 27 with respect to the formation of a West Langely Weber Unit.

As we have stated many times in the past, we believe the major advantages of unitization as reflected in ultimate oil recovery and equitable distribution of proceeds can only be accomplished by field-wide unitization, however, we have evidenced interest in separate units and if equity can be established, we would join such units.

Our interest is so minor in the West Unit Area that our acceptance or rejection at this time can have but little bearing on the ultimate outcome of your proposal.

Very truly yours,

THE SHARPLES OIL CORPORATION

Samuel Butler
