October 22, 1954

WEST RANGER WOOD UNIT

Mr. G. B. Jenkinson
Stanolind Oil and Gas Company
Tulsa, Oklahoma

Dear George:

I am enclosing a report showing the status of execution of the West Ranger Wood Unit as of October 22, 1954.

I would like you to know that the results as shown on this chart, insofar as Stanolind's interest is concerned, represent replies to our one general letter to all royalty owners soliciting their joinder in the Unit. We have not personally solicited any of Stanolind's royalty owners, except in those cases where their ownership is common to California, Stanolind and Phillips.

The California Company plans to continue its efforts to get as many parties as possible to join the Unit Agreement, even if this means putting only California's acreage together. You might consider, however, the possible joinder of Stanolind as to those tracts which show 100 per cent participation by royalty owners because, as you know, the Agreements were designed so that tracts could be eliminated in which less than 100 per cent participation was obtained.

We have spoken to Mr. Duncan in Washington, and he is very sympathetic to our efforts.

Yours very truly,

Woollen H. Walshe
General Attorney
