RECEIVED
JUL 15 1994
COLO. OIL & GAS CONS. COMM.

Dear Sir:

I received a notice from Bristol Resources of their intention of dumping saltwater in Leathers "B" Well #3. They say that this could be 130 barrels per day. I believe that our land would definitely be adversely affected by this disposal. I would ask that you do not allow them to do this. If it is necessary to have a public hearing for this to be stopped, then by all means do so. Please notify us by registered or certified mail with receipt requested in order for us to know about the hearing. A newspaper notice would not be enough for all landowners to be aware of the hearing.

Sincerely,

Willa Mae Silliman Southard
