Steve – SIMCOE LLC will be moving in an Aztec rig tomorrow morning (Monday, 5/16/2022) to the Hott 20-2 1 to begin P&A Re-Plugging Activity. I will follow-up with a phone call later this morning.

The Aztec plan at this time is to drill out the surface cement plug before swapping rigs. The WSL overseeing the job on behalf of SIMCOE, Mike Hood, will communicate timing with you for the rig swap.
