Dear Ms. Hardland,

Pursuant to Rule 305.e.(1).B., of the Rules and Regulations of the Colorado Oil and Gas Conservation Commission ("COGCC"), Petroleum Development Corporation, Inc. ("PDC"), as Operator, hereby gives notice to you that it intends to commence operations for the drilling of a well or wells for oil/and or gas on the referenced lands no sooner than (30 days). As surface owner you have the responsibility for notifying any affected tenant of the proposed operations.

These well locations have been staked and you were originally consulted with on February 14, 2007. The Chevron 13A-7D well has been drilled; however, the remaining permits expire on August 4, 2009, and we plan on refilling the permits. Should you have questions or require additional consultation, please contact Terry Tracy at his office (970) 870-8655 or mobile (970) 734-7078. If you wish to appoint a tenant for the consultation, please contact Terry as early as possible with contact information.

You should already have a copy of the COGCC's brochure describing surface owner rights and responsibilities, and a copy of the COGCC's Policy for Onsite Inspections. If you require additional copies please let Terry know.

Very truly,

Sarah M. Garrett
