Sater 19-NU -- SENW Sec 19, T 4N, R 63W-Vertical Location  
Weld County, Colorado

Dear Director:

Petroleum Development Corporation respectfully requests a waiver for the surface location of the Sater 19-NU located in the SENW Sec 19, T 4N, R 63W. Rule 318A.c.(2) of the Colorado Oil & Gas Conservation Commission's Rules and Regulations requires any new twinning well to be located within 50 feet of an existing well.

The Sater 19-NU surface location is located outside of the drilling window and is not located within 50 feet of an existing well. The surface owner has agreed to the location, as the location fits with their planned use of the property.

Attached is the surface owner waiver consenting to the location.

If you have any questions, please contact Sarah Garrett at 303-860-5800.

Thank you,

Sarah M. Garrett
