Re: Notice of Oil and Gas Operations – COGCC rule #305
Consultation Requirement – COGCC rule #306
Existing Locations within Garfield County Colorado

Gentlemen;

Attached is a list of locations that you have previously approved, and which are permitted with the state of Colorado. Orion Energy Partners (OEP) wishes to renew the permits with the state as they are due to expire soon.

Therefore, before a permit is valid for renewal, OEP must comply with two rules; Rule #305: Notice of Oil and Gas Operations and Rule #306: Consultation. Your signature below acknowledges your receipt of notice per rule 305 and waives the consultation requirement of rule 306 for all the locations on the attached sheet. Please note that your acknowledgment involves the attached well list only.

Finally, it is your responsibility to inform any Tenants on your property of these activities.

Should you require further information, or need another copy of the COGCC surface owner brochure, I may be reached at our toll free number: 877-595-3030, extension 107, or by email: shahn@orionep.com.

Thank you.
