Dave  
Attached are revised reference photos with requested changes. Let me know if anything else is needed.

Jane  
You may want to change out the ones you have for your 2A package.

Howard,

I have been reviewing the Clough Tank Farm (#1712234) Form 2A. COGCC requests the following clarifications regarding the data Williams has submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment.

1. **Rule 303d.(3).F.ii.bb.:** The reference area photographs showing the West, South, and East views do not have the date taken nor the oil and gas location name. These attachments should also include Township, Range, and Section.

In addition, it would be good if all future 2A attachments have the oil and gas / well location name, township, range, and section. These are very minor changes and I would like to get this passed. If you have any questions, please do not hesitate to call me at (970) 625-2497 x5 (office) or (970) 309-2514 (cell), or email. Thanks.

Dave
