Subject Noble Energy Sater C 23-28D, NWNE Sec 23 T4N R64W, Weld County, Form 2A #400005999 Review

Mari,

I have been reviewing the Sater C 23-28D Form 2A (#400005999). COGCC requests the following clarifications regarding the data Noble has submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment.

1. **Facilities (Section 5):** The facilities list should not include equipment used during drilling, only permanent existing and proposed equipment. Based on more recently submitted Form 2As, electric motors, gas or diesel motors, water tanks, electric generators, and fuel tanks that are associated with the drilling rig should not be included in the Facilities list. I can remove these from the facilities list if you send an email with this request.

COGCC requires your written approval of these COAs prior to passing the OGLA review. If you have any questions, please do not hesitate to call me at (970) 625-2497 x5 (office) or (970) 309-2514 (cell), or email. Thanks.
