**Re: Battle Mountain Federal 14-15, SWSE Section 14, Township 12 North,
Range 89 West.**

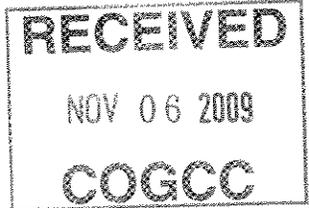

Dear Jane,

New Frontier Energy, Inc., as operator of the above referenced well, requests that the 10-day period in Rule 305.d be waived for the Forms 2 and 2A because NFEI, the surface owner, and the Moffat County LGD waive the right to a hearing on the COAs.

If you have any questions or concerns please don't hesitate to contact me.

Dear Mr. Espy,

New Frontier Energy, Inc., as operator of the above referenced well, requests that you as the surface owner waive the right to request a hearing on the COAs that are attached to the approved Form 2A and the approved Form 2.

The waiver is for Rule 503.b.(7). The 10-day period and hearing request are provided for in Rule 305.d. **Both** the Form 2A Oil & Gas Location Assessment and the Form 2 Permit Application are subject to the 10-day period. By signing below you waive this 10-day period that is required by the Form 2 and 2A. This will allow NFEI to begin location construction and commence drilling operations on this well before Federal big game winter range restrictions become effective.

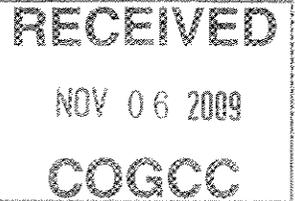

If you have any questions please don't hesitate to contact me.

I appreciate your cooperation in this matter.
