

OIL AND GAS LEASE

AGREEMENT, Made and entered into this 17th day of February, 1976, by and between
Virgil H. Hutton and Florence M. Hutton, husband and wife, Box
155, Route 2, Brighton, Colorado 80601
and Byron Oil Industries, Inc., party of the first part, hereinafter called lessor (whether one or more)
and party of the second part, lessee.

WITNESSETH: That the lessor for and in consideration of -- Ten and more -- Dollars,
in hand paid, receipt of which is hereby acknowledged, of the royalties herein provided, and of the agreements of lessee herein contained, hereby grants, leases
and lets exclusively unto lessee for the purpose of investigating, exploring, prospecting, drilling and mining for and producing oil, gas, casinghead gas, and all
other minerals, laying pipe lines, building tanks, power stations, telephone lines and other structures thereon to produce, save, take care of, treat, transport,
and own said products, and housing its employees, the following described land in Adams County,
State of Colorado to-wit: A tract or tracts of land situated in the
West half of the Northwest quarter of Section 7, Township 1 South, Range
67 West of 6th P.M., the intent being to include all of Lessor's lands
and interests in said Section 7.

The lessee shall pay the lessor the sum of \$1,000.00 when drilling commences on the
said 20 acres for well site and road and tank battery site, plus actual damage to
growing crops.

Containing Two 20 acres, more or less.
TO HAVE AND TO HOLD the same (subject to the other provisions herein contained) for a term of 1000 years from this date (called "primary term")
and as long thereafter as oil or gas or casinghead gas or either or any of them, is produced therefrom; or as much longer thereafter as the lessee in good faith
shall conduct drilling operations thereon and should production result from such operations, this lease shall remain in full force and effect as long as oil or gas or
casinghead gas, shall be produced therefrom.

In consideration of the premises it is hereby mutually agreed as follows:
1. The lessee shall deliver to the credit of the lessor as royalty, free of cost, in the pipe line to which lessee may connect its wells, the equal 16%
part of all oil produced and saved from the leased premises, or at the lessee's option, may pay to the lessor for such royalty the market 16%
price for oil of like grade and gravity prevailing in the field where produced on the day such oil is run into the pipe line, or into storage tanks.
2. The lessee shall pay-lessee as royalty of the proceeds from the sale of the gas, as such, for gas from wells where gas only is found,
and where not used or sold shall pay Fifty (\$50.00) Dollars per annum as royalty from each such well, and while such royalty is so paid such well shall be held
to be a producing well. The lessor to have gas free of charge from any gas well on the leased premises for stove and inside lights in the principal dwelling
house on said land, by using his own connections with the well, the use of all said gas to be at the lessor's sole risk and expense, PLUS GAS FOR GARAGE.
3. To pay lessor for gas produced from any oil well and used off the premises or in the manufacturing of gasoline or any other product a royalty of
16% of the market value, at the mouth of the well, payable monthly at the prevailing market price.

4. If operations for the drilling of a well for oil or gas are not commenced on said land on or before one year from this date, this lease shall
terminate as to both parties, unless the lessee shall, on or before one year from this date, pay or tender to the lessor or for the lessor's credit in
First Bank and Trust Bank at Brighton, Colorado

or its successor or successors, which bank and its successors are lessor's agents and which shall continue as the depository regardless of changes in the ownership
of the land, the sum of -- Fifty Dollars (\$50.00) -- Dollars,
which shall operate as a rental and cover the privilege of deferring the commencement of operations for the drilling of a well one year from said date, in like
manner and upon like payments or tenders the commencement of operations for the drilling of a well may be further deferred for like periods successively
during the primary term of this lease. And it is understood and agreed that the consideration first recited herein, the down payment, covers not only the
privileges granted to the lessor when said rental is payable as aforesaid, but also the lessee's option of extending that period as aforesaid, and any and all other
rights conferred. All payments or tenders may be made by check or draft of lessee or any assignee thereof, mailed or delivered on or before the rental paying date.
Lessee may at any time execute and deliver to lessor or place of record a release or releases covering any portion or portions of the above described premises and
thereby surrender this lease as to such portion or portions and be relieved of all obligations as to the acreage surrendered and thereafter the rentals payable
hereunder shall be reduced in the proportion that the acreage covered herein is reduced by said release or releases. Notwithstanding the death of the lessor, or his
successor in interest, the payment or tender of rentals in the manner provided above shall be binding on the heirs, devisees, executors and administrators of such
persons.

5. If at any time prior to the discovery of oil or gas on this land and during the term of this lease, the lessee shall drill a dry hole, or hole, on this land,
this lease shall not terminate, provided operations for the drilling of a well shall be commenced by the next ensuing paying date, or provided the lessee begins or
resumes the payment of rentals in the manner and amount above herein provided; and in this event the preceding paragraphs hereof governing the payment of
rentals and the manner and effect thereof shall continue in force.
6. If said lessee owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties and rentals
herein provided for shall be paid the lessor only in the proportion which his interest bears to the whole and undivided fee.
7. Lessee shall have the right to use, free of cost, gas, oil, and water produced on said land for its operation thereon, except water from wells of lessor.
When requested by lessor, lessee shall bury its pipe lines below plow depth.
No well shall be drilled nearer than 200 feet to the house or barn now on said premises, without the written consent of the lessor.
Lessee shall pay for damages caused by its operations to growing crops on said land.
Lessee shall have the right at any time to remove all improvements, machinery, and fixtures placed or erected by lessee on said premises, including the
right to pull and remove casing.

8. If the lessee shall commence to drill a well within the term of this lease or any extension thereof, the lessee shall have the right to drill such well to
completion with reasonable diligence and dispatch, and if oil or gas or either of them, be found in paying quantities, this lease shall continue and be in force
with the like effect as if such well had been completed within the term of year herein first mentioned.

9. If the estate of either party hereto is assigned (and the privilege of assigning in whole or in part is expressly allowed), the covenants hereof shall
extend to their heirs, executors, administrators, successors and assigns, but no change of ownership in the land or in the rentals or royalties shall be binding on
the lessee until after notice to the lessee and it has been furnished with the written transfer or assignment or a certified copy thereof, and in case lessee assigns
this lease, in whole or in part, lessee shall be relieved of all obligations with respect to the assigned portion or portions arising subsequent to the date of assignment.

10. If the lease premises shall hereafter be owned in severalty, or in separate tracts, the premises, nevertheless, shall be developed and operated as one
lease and all royalties accruing hereunder shall be treated as an entirety and shall be divided among and paid to such separate owners in the proportion that the
acreage owned by each such separate owner bears to the entire leased acreage. There shall be no obligation on the part of the lessee to offset wells on separate
tracts into which the land covered by this lease may be hereafter divided by sale, devise or otherwise, or to furnish separate measuring or receiving tanks. It is
hereby agreed that, in the event this lease shall be assigned as to a part or as to parts of the above described lands, and the holder or owner of any such part or
parts shall fail or make default in the payment of the proportionate part of the rent due from him or them, on an acreage basis, such default shall not operate to
defeat or affect the lease in so far as it covers a part or parts of said lands upon which the said lessee or any lessee hereof shall make due payment of said rentals.

11. If at any time there be as many as six parties (or more) entitled to receive royalties under this lease, lessee may withhold payment thereof unless and
until all parties designated in writing in a recordable instrument to be filed with the lessor a Trustee to receive all royalty payments due hereunder and to execute
division and transfer orders on behalf of said parties and their respective successors in title.

12. Lessee shall have the right to unitize, pool, or combine all or any part of the above described lands with other lands in the same general area by
entering into a cooperative or unit plan of development or operation approved by any governmental authority and, from time to time, with like approval to
modify, change or terminate any such plan or agreement and, in such event, the terms, conditions, and provisions of this lease shall be deemed modified to
conform to the terms, conditions and provisions of such approved cooperative or unit plan of development or operation and, particularly, all drilling and
development requirements of this lease, express or implied, shall be satisfied by compliance with the drilling and development requirements of such plan or
agreement, and this lease shall not terminate or expire during the life of such plan or agreement. In the event that said above described lands or any part
thereof, shall hereafter be operated under any such cooperative or unit plan of development or operation whereby the production therefrom is allocated to different
portions of the land, and operations for the production allocated to any particular tract of land shall, for the purpose of computing the royalties to be paid
hereunder to lessor, be regarded as having been produced from the particular tract of land to which it is allocated and not to any other tract of land; and the
royalty payments to be made hereunder to lessor shall be based upon production only as so allocated. Lessor shall formally express lessee's consent to any
cooperative or unit plan of development or operation adopted by lessee and approved by any governmental agency by executing the same upon request of lessee.

13. In the interest of conservation, the protection of reservoir pressures and the recovery of the greatest ultimate yield of oil, gas and other minerals, lessee
shall have the right to combine the leased premises with other premises in the same general area for the purpose of operating and maintaining repressuring and
recycling facilities and for such purposes may locate such facilities, including input wells, upon the leased premises, and no royalties shall be payable hereunder
upon any gas used for repressuring and recycling operations benefiting the leased premises.

14. Lessor hereby warrants and agrees to defend the title to the land herein described and agrees that the lessee, at its option, may pay and discharge
any taxes, mortgages, or other liens existing, levied, or assessed on or against the above described lands and, in event it is determined that it shall be determined
to the benefit of any holder or holders thereof and may reimburse itself by apportioning to the discharge of any such mortgage, tax or other lien, any royalty or
rentals accruing hereunder.

15. All rental payments which may fall due under this lease may be made to ANY
one of the above named lessors, in the manner herein stated.

16. If within the primary term of this lease production on the leased premises shall cease from any cause, this lease shall not terminate provided
operations for the drilling of a well shall be commenced before or on the next ensuing rental paying date; or, provided lessee begins or resumes the payment
of rentals in the manner and amount hereinbefore provided. If, after the expiration of the primary term of this lease, production on the leased premises shall cease
from any cause, this lease shall not terminate provided operations for drilling a well within sixty (60) days from such cessation, and this lease
shall remain in force during the prosecution of such operations and, if production results therefrom, then as long as production continues.

17. It is agreed that this lease shall never be forfeited or cancelled for failure to perform in whole or in part any of its implied covenants, conditions,
or stipulations until it shall have first been finally judicially determined that such failure exists, and after such final determination, lessee is given a reasonable
time thereafter to comply with any such covenants, conditions, or stipulations.

18. All expressed and implied covenants of this lease shall be subject to all federal and state laws, executive orders, rules and regulations, and this lease
shall not be terminated, in whole or in part, nor lessee held liable in damages for failure to comply with any such law, rule or regulation, or if such failure
is the result of any such law, rule or regulation, or if such compliance is prevented by or failure is the result of inability of lessee through no fault
of its own, to obtain sufficient and satisfactory material and equipment to justify the commencement of drilling operations or to continue production of oil or gas
from the leased premises.

19. This lease and all its terms, conditions, and stipulations shall extend to and be binding on all successors of said lessor or lessee.

20. With respect to and for the purpose of this lease lessor, and each of them if there be more than one, hereby release and waive the right of homestead.
WHEREOF witness our hands and the day and year first above written.
