Dear Ms. Merwin:

The North Metro Fire Rescue District's Fire Prevention Division has reviewed the Development Application (Second Referral) referred to as "EnCana Alaux 4-0-26 - Use by Special Review" for the new oil and gas well proposed to be drilled west of County Road 11 and South of County Road 6 on the property located at 4300 County Road 6 in Broomfield, Colorado. At this time, the Fire District has no additional comments regarding that application. You should be in receipt of the Fire District's letter dated October 5, 2009 for this project. The requirements and recommendations of that letter are hereby incorporated as if fully set forth herein. If future developments are made to the property, the Fire District anticipates the opportunity to review those development plans and issue comments at that time.

If you have any questions regarding this correspondence, please contact me at (720) 887-8217 ext 2224.

Respectfully,

Steven Gosselin  
Deputy Fire Marshal

SG/srs
