Dear Mr. Neslin:

Please let this letter serve as a request for administrative approval of an exception location in accordance with Rule 318A.a. and 603a.(2) for the above captioned oil and gas wells.

The wells on the Kuner pad are outside of a drilling window and staked less than 150' from a property line. EnCana has obtained a signed waiver from the surface owner and encroached upon surface owner (same owner for both). A copy of that waiver is enclosed for your file.

Thank you for your assistance in this matter. If you have any questions or comments, please call me at (720) 876-3687.

Very truly yours,
