RE: Williams RMV 76-27 Form 2A BMP List

Dear Mr. Kubeczko,

On behalf of Williams, I would like to clarify the following proposed BMP submitted with the RMV 76-27 Form 2A: Implement self imposed timing limitations to protect species and/or habitat.

This BMP is in reference to the Bald Eagle nest site within ½ mile of the well pad. As agreed upon during consultation with CDOW, this self imposed timing limitation will extend from January through the end of June.

Please contact me at the telephone number or e-mail address below if anything further is needed.

Thank you,

A handwritten signature in blue ink, appearing to read "Kent Rider". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.
