Dave,  
LEII would like to incorporate(include) the attached BMP's for wildlife to the Knox 03-16 Location Assessment I believe you are reviewing currently.  
Thank you,

**Wayne P. Bankert**

Wayne can you send these to Dave Kubeczko at COGCC stating that you wish to apply them to the Laramie Energy Knox 03-16 Pad. Dave's email address is [Dave.Kubeczko@state.co.us](mailto:Dave.Kubeczko@state.co.us) you can copy me with the email also.  
That will make them official in the eyes of COGCC and CDOW. I will then send CDOW comments to COGCC.  
Thank you very much for your quick response.  
Michael

**Subject:** RE: Laramie Energy Knox 03-16 Pad

Hello Michael,  
Here are the BMP's I have worked up specific to the SWH and RSO that Laramie operates in. If there are any missing when propose new sites I will amend.  
Thanks  
Wayne

**Subject:** Laramie Energy Knox 03-16 Pad

Wayne,

I have reviewed the Form 2A application for this well pad ( Knox 03-16 Pad) and did not see a list of BMPs. There are some that would be applicable to mule deer critical winter range. CDOW would like to review and comment – if applicable – on the BMPs you intend to submit. The deadline for CDOW review to COGCC is 2-20-10.

I have read the letter from the Knox family expressing their desire for CDOW not to access their property. We will absolutely respect that wish. However, CDOW still thinks there is an opportunity to coordinate BMPs with you and the surface owner to protect wildlife.

I appreciate your help and feel free to call to talk about what BMPs might work for this situation.  
If you have any questions please let me know.
