Mary,

I wanted to give the COGCC a heads up that BP recently submitted 2A applications for the Southern Ute 32-09 06#2 and the Davies GUA2. These two locations will be included as part of the BP/CDOW Wildlife Mitigation Plan and the final plan will include site specific wildlife BMPs for these locations. Brian Magee at the DOW will note this in his closure of the consultation process in the COGCC system.

Thank you,  
Andy
