Re: Exception to Rule 603 a (2)

Garfield County, CO

Dear Sir:

Williams Production RMT Company requests approval of an exception to Rule 603 a (2) requiring a well to be at least 150' from a property line. Due to geological and topographical reasons, and the request of the land owner, Williams proposes constructing the pad approximately 135 from the nearest property line. The surface owner, Burchfield has signed a Surface Use Agreement approving the surface use as proposed. A waiver signed by Savage, the adjacent property owner is attached.

Williams requests your approval of this request.
