Tania,

I have been reviewing the PAD 35C - Battlement Mesa 35-31C **Form 2A** (#400031768). COGCC requests the following clarifications regarding the data Noble Energy has submitted on or attached to the Form 2A prior to passing the Oil and Gas Location Assessment.

1. **Water Resources (Section 14):** No box for sensitive area was marked. Based on the information provided and verified by COGCC, this is not considered a sensitive area; therefore, I can make the addition if you send an email with this request.

I have attached the **revised** general set of Conditions of Approval (COAs) associated with the Project Rulison area. COGCC would appreciate your concurrence with attaching these COAs to the Form 2A permit prior to passing the OGLA review. If you have any questions, please do not hesitate to call me at (970) 625-2497 x5 (office) or (970) 309-2514 (cell), or email. Thanks.

Dave
