Dear Director:

Per rule 318A.a., Unioil (a wholly owned subsidiary of Petroleum Development Corporation) is requesting a surface location waiver for the above-captioned well, located in the SWNW of Section 10, T4N, R67W.

The locations were moved to this location outside of a GWA window per the request of the surface owners. This location is a good location to both reduce the impact on the surface owner and to increase the number of wells reachable from one well pad.

We respectfully request that you approve this waiver per the request of the surface owners and to reduce the impact on surface operations. Attached is the surface location waiver.

If you have any questions, please contact Sarah Garrett at 303-860-5800.

Thank you,

Sarah M. Garrett
