COGCC Remediation No. 4317

Dear Mr. Schneider:

I have reviewed the remediation status report for the Colorado Oil and Gas Conservation Commission (COGCC) remediation number 4317. Based on the information provided, the COGCC staff approves the closure of the remediation. KMG equipment does not appear to be source of the contamination observed.

Should you have any questions, please call me at (303) 894-2100 ext.112.

Respectfully,

Robert H. Chesson, C.P.G., P.G.
Environmental Protection Specialist
