Dear Director,

Petroleum Development Corporation (“PDC”) hereby certifies to the Director that a twenty (20)-day notice has been given by certified mail to all owners in the proposed wellbore spacing units. We have not received any objections to such well locations or proposed spacing units, therefore PDC hereby requests the Director to approve the Boundary well(s).

Please see the attached spacing unit map which certifies that the respective quarter-sections will have no more than eight (8) bottom-hole locations producing from the Niobrara/Codell and/or J-Sand formations.

If you should have any questions or concerns regarding this permit, please contact Sarah Garrett at (303) 860-5800.

Very truly,

Sarah M. Garrett
