Dear Guttersen Ranch:

Pursuant to our conversation and the Rule 305.b.(1), of the Rules and Regulations of the Colorado Oil and Gas Conservation Commission ("COGCC"), Petroleum Development Corporation, Inc. ("PDC"), as operator, hereby gives notice to you that it intends to commence operations for the drilling of the wells for oil and gas on the referenced lands no sooner than 30 days. The enclosed exhibit shows the well spots and the ranch roads thru the land.

Prior to commencing the operations, we would like to further consult with Guttersen's concerning the proposed operations and location of drill pads and production facilities, pipelines and roads. The well locations will be staked in January. Contact me to discuss the proposed operations and to schedule a onsite consultation regarding surface issues, access, and sites. We do pay for surface damages per each location. I will be sending you a surface damage agreement after we have the consultation, as we get closer to drilling the wells.

Should you have any questions regarding our operations please feel free to contact me at cell #970 539-1265 and Office # 970 834-2055.

Thanks for your anticipated cooperation, and good luck on the wells.

Sincerely

Petroleum Development Corporation
