RE: Federal 32A-20-691 (MDP 13 Pad)
NWSE, Section 20, T6S, R91W
Notification to Public Water Supply Systems

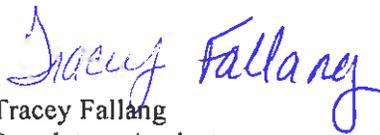

To Whom It May Concern:

In compliance with Colorado Oil and Gas Conservation Commission (COGCC) Rule 303.d.(3).N and Rule 317B, Bill Barrett Corporation (BBC) would like to notify you that the subject oil and gas location is proposed to be located within the external (501' to 2640') buffer zones of Rule 317B. A hydrology map and a Rule 317B map are attached for your review. Per Rule 317B.e.(3), operators are required to send notification of potentially impacted Public Water Systems within fifteen (15) stream miles downstream of the Drilling, Completion, Production and Storage ("DCPS") Operations prior to commencement of new surface disturbing activities at the site. Please note that Rule 317B.e. requirements will be met appropriately for the DCPS operation.

Please be advised that, as required by COGCC Rule 317B, BBC has an emergency response plan in place.

If you have any questions, please contact Doug Dennison (Governmental Affairs Liaison) at 970-270-2853 or Scot Donato (Manager, Governmental Affairs) at 303-312-8191.

Sincerely,

Tracey Fallang
Regulatory Analyst
