RE: 30 Day Notice Requirement (Rule 305 and 306)
Chevron 18-12D, 13D, 14D, 15D and 18-26D
E18 696 Pad - SWNW Sec.18-6S-96W
Garfield County, Colorado

Dear Walter,

Please be advised that Berry Petroleum Company will be re-filing permits with the Colorado Oil and Gas Conservation Commission for the above-referenced wells. There have been no changes on land use and lease description. The pad has been built and the pit has been constructed and lined. Conductors have been set and wells have been drilled. No rig is on site at this time. The refiles will not require any expansion and/or additional surface disturbance of the pad. The location does not require a variance from any of the rules listed in Rule 306.d. (1). (A). (ii). The location is not in a restricted surface occupancy area. The location is in a sensitive wildlife habitat area for Greater Sage Grouse Production.

Pursuant to Rule 305 and 306, the enclosed notification is required as part of the permitting process. Please sign and date where indicated and return to my attention.

Please contact me at 303.999.4246 if you have any questions.

Thank you for your assistance in this matter.

Very truly yours,

Patsy Branson
Senior Landman
