Ladies/Gentlemen:

Kerr-McGee Oil & Gas Onshore LP ("KMG") respectfully requests the Director grant an exception to Rule 318A.c. Under the Revised Rule 318A.c of the Colorado Oil and Gas Commission's Rules and Regulations, it requires any new twinning well to be located within 50 feet of an exiting well.

The Bryant wells referenced above have topographical constraints imposed by Boulder Creek and its oxbows. KMG has placed the wells at a location approved by the surface owner. Should you have any questions, please contact our office.

Thank you for your consideration.

Very truly yours,

KERR-McGEE OIL & GAS ONSHORE LP
