RE: Request for Exception Location  
Puritan 4-6-34  
Section 34, T2N R68W  
Weld County

Dear Mr. Neslin:

Pursuant to COGCC Rule 318A(a), EnCana Oil & Gas (USA) Inc. ("EnCana") hereby requests administrative approval for an exception location as requested in COGCC Rule 318A.c.(2) which sets forth that when an operator is requesting a surface well location greater than fifty (50) feet from a well, the operator shall provide a consent to the exception signed by the surface owner on which the well is proposed to be located in order for the Director to approve the well location administratively. EnCana wishes to drill the subject well at the proposed location as agreed to with the surface owner. The location is within a GWA Drilling Window.

EnCana is a mineral interest owner and has obtained a signed Waiver from the Surface Owner approving the location as proposed located greater than 50' from a well. A copy of the signed waiver is enclosed for your file.

If you have any questions or need additional information, please contact me at (720) 876-5339.

Sincerely,

Jevin Croteau
