### 15. Comments:

Water well permit #11538-R was used to determine depth to ground water. The Chesnut 22KD, 22OD, 22BD and 22PD will all be drilled from the same well pad. The location will include expanding the existing tank battery facility which currently services the Chesnut 22-23 & 22-24 wells. The Chesnut 22KD, 22OD, 22BD and 22PD will then be tied into the tank battery facility.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct and complete.
