Travis,

I can not track this document down. I asked Marsha but it is too long ago for her to remember where it went. I was out of town that day and most of that week. Please send another copy. You do not need to send overnight – I'll be out of the office until 10-16. Make sure the package and any other document have my name on them. I'll put the tracking document in the file.

Dear Ms. Ash,

I have attached a PDF of the FedEx tracking document for delivery of the revised reclamation plan for the Foster Lease near Brandon, Colorado. The document indicates that the plan was delivered on September 12, 2007.

If the revised plan can not be located, and the electronic copy submitted by email will not suffice, please let me know and I will send another hard copy.

Thank you,

Travis Kogl, P.G.
