

7-20-2010

IF ANY QUESTIONS SHOULD ARISE IN REGARDS TO THE LOW LYING AREAS OF THE SE4 OF SECTION 15, 5N-4W, THIS LAND HAS BEEN OWNED BY OUR FAMILY FOR OVER 50 YEARS. AT TIMES OF HEAVY RAIN, WATER HAS FLOWED FROM THE NORTHWEST CORNER OF THE SE4 TO THE SOUTHEAST CORNER WHERE IT EXITS MY LAND. ONLY IN THE INSTANCE, PROBABLY EVERY 4 TO 5 YEARS, DO WE HAVE ENOUGH PRECIPITATION TO WHERE WATER WILL ACCUMULATE IN CERTAIN AREAS.
