Hi Vanessa,

I talked with Clayton Doke yesterday regarding this well. It had been holding for State Land Board approval. Clayton informed me that this is Fee surface and not State. So we need to correct the forms. I need the following:

- 1 The name, phone number, and address of the surface owner.
- 2 The SUA to which Clayton referred.
- 3 To Uncheck surface owner is mineral owner on both the 2 and the 2A.
- 4 To change the right to construct from oil and gas lease to SUA on the 2A.
- 5 To Uncheck the surface owner signature is on lease.
- 6 Remove surface surety ID on the form 2.
- 7 Enter SUA is attached on the Form 2
- 8 Change surface owner to FEE on both the Form 2 and Form 2A

9 | Remove all objective formations except for the target formation of the lateral section.

Clayton mentioned they need the permit expedited. So please hurry.

Thanks, Phil
