RE: NFA Approval – State 1-26
05-005-06734
Section 26, T4S, R62W
Arapahoe County, Colorado
COGCC Remediations Nos. 4077 and 4101

Dear Mr. Gorka:

I have reviewed the recent remediation status report for the Colorado Oil and Gas Conservation Commission (COGCC) remediations numbers 4077 and 4101 (there were two remediations shown for the same pit [#109620]). Based on the information provided, the COGCC staff approves the closure of the remediation and pit. However, should future conditions at the site be discovered of contaminant concentrations in soils exceeding COGCC standards or if ground water is found to be significantly impacted, then KPK may be required to conduct further investigation and/or remediation at the site.

Should you have any questions, please call me at (303) 894-2100 ext.112.

Respectfully,

Robert H. Chesson, C.P.G., P.G.
Environmental Protection Specialist
