Request for Exception to Rule 318A-c  
THOMASON 16-9, THOMASON 37-9  
THOMASON 38-9, THOMASON 39-9  
Township 2 North, Range 65 West  
Section 9: SE/4  
Weld County, Colorado

Dear Mr. Thomason:

Kerr-McGee Oil and Gas Onshore LP plans to drill the THOMASON 16-9, THOMASON 37-9, THOMASON 38-9 and THOMASON 39-9 oil and gas wells from the above described surface location.

Rule 318A of the Colorado Oil and Gas Commission's Rules and Regulations requires the well be drilled in a square with sides four hundred (400) feet in length, the center of which is the center of any quarter/quarter, or a square with sides eight hundred (800) feet in length, the center of which is the center of any quarter. Rule 318A of the Colorado Oil and Gas Commission's Rules and Regulations also requires any new twinned well be located 50' or less from an existing oil and gas well. We will drill the wells at the above described location, but we will need this waiver as this location is more than 50' from the existing well and falls outside the legal drilling window.

Please waive both of the above referenced requirements and approve the above described surface location by signing below.

Very truly yours,  
KERR-MCGEE OIL AND GAS ONSHORE LP

  
Dirk Baysinger RPL  
Registered Professional Landman

I/we waive the above requirement and approve the above described location.
