All data supplied and opinions based on interpretation thereof are offered as a guide only and are not to be guaranteed as to accuracy or completeness. In consideration of the supply of such data and opinions, the recipient agrees that neither Precision Survey Tools Ltd nor its employees shall be liable for any loss, damage or expense howsoever sustained or incurred by the recipient arising out of the supply of such data and opinions or otherwise in connection therewith, whether such loss, damage or expense is caused by any negligent act or omission of Precision Survey Tools Ltd or otherwise.

Comments

Annular volume calculated for 4.5" casing
Mirage Rig 1
Thank you for choosing Precision Surveys!
AM & JH 23/1/2024/15

Database File: 10000.dtt
Dataset Pathname: pass3
Dataset Creation: Tue Sep 17 14:01:24 2019
Charted by: Depth only
Depth Reference: Surface Log Depth

Density Porosity (pu)
Neutron Porosity (pu)
Caliper (in)
Gamma Ray (GAPI)
Cum gamma

2.45 (in) Matrix

High porosity due to hole conditions
