Stormwater Discharges Associated with Construction Oil and Gas Activity.
Application has been filed with Colorado Department of Public Health and
Environment Water Quality Control Division and is pending. Approved
permit will be in place before any dirt work begins.

Dunlap # 1 well
T17S, R48W
Sec. 9: SE1/4NE1/4
Kiowa County, Colorado

Description of Well Site and Construction Area

1-3 acre site with access road for drilling of oil and gas well. Terrain is flat to rolling with native grass and sagebrush. No receiving waters will be affected by well pad. Drilling pits closed and reclaimed with the drillsite, reseeded within 6 months weather permitting. Silt fences will be installed on low side site of drill site. Topsoil will be separated and spread on drill site as final operation before reseeding operations. To prevent soil erosion site will be disked and straw crimped in.

Stormwater Management Plan (SWMP) is on file in Val Energy, Inc. office.

Spill Prevention, Control and Countermeasure Plan is on file in Val Energy, Inc. office.
