RE: Drill site for **Union Pacific 150x16, Union Pacific 151x16 & Union Pacific 153x16**  
(NW SW) Section 16, T2N, R102W, 6th PM  
Rio Blanco County, Colorado

Dear surface owner,

**Rio Blanco County Assessor records** indicate you are the owner of the surface in the NW SW Section 16, Township 2 North, Range 102 West

Pursuant to the Colorado Oil and Gas Commission Rule 305, this is the legal notification that Chevron will like begin the construction of the single drillsite for the captioned wells to be located approximately 2058 feet from the North line and 161 feet from the West line. Chevron is planning to drill all three wells from this single 280' by 430' location

Enclosed please find a copy of the COGCC publication "Oil and Gas Well Notification, Consultation and Reclamation Rules". With respect to the notice of drilling, a self addressed, postage prepaid post card is enclosed for the surface owner to request a preference to the consultation requirement under COGCC Rule 306. Your choices are **YES** for consultation request or **NO** to waive your drilling consultation right. These cards will remain on file in the Chevron office for review.

Please be advised that construction of this well site is scheduled to begin in SPRING 2009 and actual drilling may begin as soon as the summer of 2009.

**If you have any questions, or if you would like further information concerning access or operations, please call Jeff Roedell – Technical Team Leader (970-675-3816).**

Sincerely,

A handwritten signature in cursive script that reads "Diane L Peterson".
