RE: BW Musser #35 Pad

Dee,

It has been approved by the Board of Moffat County Commissioners to temporarily close Moffat County Road 75P for the setting of an oil rig by Questar. The actual closure of the road will not take place until sometime in January 2011 depending on Questar's schedule. Traffic will be rerouted through the Powderwash Camp via Moffat County Road 4 and Moffat County Road 75 during the time of the temporary closure.

If you have any questions, you may contact our office at (970) 824-3211.

Sincerely,

Billy E. Mack  
Director
