**Subject:** RE: Form 2A 2589624 Aristocrat Angus Federal 0-4-10

Greg,

I am sorry this has taken so long but the update I received this morning regarding the status of a letter from the surface owner for the subject location, agreeing to the DOW COA's is that our land group is working and trying to get the letter signed but they don't have any update as to when they may have it.

I will let you know as soon as I have something.

Thanks,

Jevin

Good morning, Jevin.

I am heading into a permit status meeting, and want to find out if you've heard any more on this location.

Thanks,

Greg Deranleau

Valerie,

Will do. It appears that our Landman that has been working on getting it, hopes to have it by the end of next week. I will keep Greg updated.

Thank you for all your help.

Jevin

Jevin,

Please provide an update regarding the status of the surface owner acceptance of the CDOW COAs.

As my last day with the Commission is 8/31/2010, please send it to Greg.Deranleau@state.co.us.

Valerie,

According to our Land group we are working to try and get something in writing and hope to have something in the next week or two...

I will let you know as soon as I have it in hand.

Thanks,

Jevin

Jevin,

I believe the captioned Form 2A has been w/o Encana to obtain surface owner approval of the CDOW COA's since 7/2/2010.  
Please provide an update of the status.

Thank you,

Valerie,

Thank you very much for getting back to me, I think this may help and I will let you know what we are able to come up with.

Thanks again,

Jevin

Jevin,

Rule 1202.e. speaks to requiring surface owner approval. Since the Operator has the relationship with the surface owner the COGCC and most operators prefer that the operator takes the CDOW COA's to the surface owner for consent. Most operators present them verbatim to the surface owner in a letter that references Rule 1202.e and the surface owner signs and dates an acceptance statement at the bottom of the letter. The letter then becomes an attachment to the Form 2A.

Hope that helps.

Valerie,

We are working on trying to get something from the surface owner but could you please direct me to the rule that says if we agree with DOW COA's we need to get approval from the surface owner and have the surface owner sign a document that presents the agreed upon COA's.

Thank you for all your help,

Jevin

Jevin,

Please provide an update regarding the surface owner approval of the wildlife COA's.

I believe that is the last piece we are w/o on this Form 2A.

Thank you, Jevin. Our district wildlife manager has said that an onsite visit is not necessary, as he is familiar with the location.

Valerie, should I enter these in eform, now?

Celia

Celia, we can accept the COA you have listed below on the subject location.  
Please let me know if you have any additional questions.

Thanks, Jevin

Jevin,

The proposed Aristocrat angus Federal 0-4-10 lies in sensitive wildlife habitat for a bald eagle nest. DOW proposes the following wildlife COAs:

**Bald Eagle**

- No human disturbance or construction activity within 0.5 mile of any active bald eagle nest from November 15 to July 31. Activity within 0.5 mile of bald eagle nest sites would be best conducted between August 15 and October 15.
- No surface occupancy or construction within 0.25 mile of any active bald eagle winter night roost site, where there is no direct line of sight to the roost, between December 1 and February 28 and within 0.5 mile of any active bald eagle winter night roost site, where there is a direct line of sight to the roost, between December 1 and February 28.
- No human disturbance within 0.5 mile of any active bald eagle winter roost site from November 15 to March 15 except for periodic visits such as oil maintenance and monitoring. Maintenance and monitoring work within the buffer zone after development should be restricted to the period between 10:00 a.m. and 2:00 p.m.

The stipulation for the bald eagle nest would cover the timing limitations for the bald eagle roost site, but as the habitats overlap, we include them both.  
Please contact me if you have any questions.

Sincerely,

*Celia Greenman*  
*Northeast Energy Coordinator*  
*Colorado Division of Wildlife*  
*6060 Broadway*  
*Denver, CO 80216*
