Gentlemen

EnCana Oil & Gas (USA) Inc ("EnCana") has staked four (4) wells from the existing Wandell #1 well site located in the NE/4NE/4 of Section 7, Township 2 North, Range 67 West (see attached survey plats and location drawing). These wells are being drilled under the rules and regulations of the Colorado Oil and Gas Conservation Commission's ("COGCC") Rule 603 a (2) Statewide Setbacks Rule.

This rule states that a well shall be a minimum distance of one hundred fifty (150) feet from a surface property line.

These wells are also being drilled under rules and regulations of the Colorado Oil and Gas Conservation Commission's ("COGCC") Rule 603 e (2) Setback for Wellheads in high density areas which states:

"At the time of initial drilling of the well, the wellhead location shall be not less than three hundred fifty (350) feet from any building unit, educational facility, assembly building, hospital, nursing home, board and care facility, or jail."

The above mentioned Wandell wells were staked at a distance approximately Three Hundred (300) feet from your fire station and approximately One Hundred and One (101) feet from your property line. As these locations were staked with your consent and approval, EnCana respectfully requests your consent to an exception location for the 6-4-7, 8-2-7, and 6-0-7 wells by waiver of the COGCC Rule 603 a (2) and COGCC Rule 603 e (2)

If this meets with your approval, please sign and date both originals of this letter, keeping one for your files and returning one to the undersigned

Thank you for your time and consideration in this matter. If you have any questions or comments, please contact me at (303) 330-8903

Very truly yours,

**ENCANA OIL & GAS (USA) INC.**

Doug Pearlman, RPL  
Land Negotiator
