RELEASED

RE: CEDAR RIDGE LLC - OPERATOR NUMBER 14775
FIDELITY AND DEPOSIT COMPANY OF MARYLAND
E&P WASTE FACILITY BOND NUMBER LPM8838371
IN THE AMOUNT OF \$50,000.00

Ladies and Gentlemen:

The Colorado Oil And Gas Conservation Commission releases the referenced E&P Waste Facility Bond. Bond is released of any liability as of March 6, 2007. The E&P Facility was never built, and there are no outstanding compliance issues relating to the Commission Rules and Regulations. Enclosed please find the Fidelity and Deposit Company of Maryland E&P Waste Facility Bond Number LPM8838371 in the amount of \$50,000.00.

Should you have any questions please contact Marsha Choury at 303-894-2100 extension 109.

Sincerely,

Brian J. Macke
Director

03/19/2007

Hi Randall,

I checked several Operators to make sure they had Bonds for their E&P Waste Facilities, and returned the list to you without keeping a copy for the Bond Section. I believe the Robidoux 23-13 CBM #1 E&P Waste Facility was on that list. Will you check your list for me and let us know if it is okay to release this E&P Waste Facility Bond?

Thanks!

Subject: Cedaredge E&P Centralized Waste Mgmt Facil. Bond release

By now you've gotten a few emails, from Bob and forwarded by Bob, regarding the Robidoux 23-13 location.

Late last week, Bob recommended that such facilities still have a field inspection prior to bond release, if I understood his email correctly. Such a recommendation was concurred to by Thom Kerr.

Now, the possibility of an alleged dead duck in the vicinity seems to complicate the bond release question further. I'm not sure if the location is near the R 23-13 or at another Cedaredge location.

However, as per your request for me to research this further, I was going to say that there was no 'centralized E&P waste management facility' as of last April, and that if the bond specific to that was under consideration, that such a bond be released. I am presuming that another, general reclamation bond is still outstanding and valid for this well and others in the vicinity.

Jay

1/19/2007 Per Jubal Perry - New Frontier

Jay,

I think this kind of bond is intended for facilities like those described in Rule 908. We will have to look at what was submitted with the bond and compare it to what they actually built and get Dave's and Debbie's blessing that it is indeed covered by Rule 908 and that the bond should be retained. Please look into this and coordinate with them.

Thanks for clearing that up! Jaime

Jaime wrote to Dave:

I do not believe a centralized waste management facility was ever built. They do have some typical UIC site facilities. I do not think that is what was intended on the bond but we could assert the bond is needed to cover that because I doubt the plugging surety is sufficient to cover the liability. Jay makes note of them to Marsha under a separate e-mail. Let me know what you think.

Jay: there is a centralized facility in Section 26 (not 13) with another UIC well. However, their section 13 wells, as noted in my email you mentioned to Marsha, have reasons for (environmental/reclamation) concern.

Subject: BOND RELEASE

Good Afternoon,

The Blanket E & P Waste Facility Bond for Cedar Ridge, LLC, Operator Number 14775 will be released on or about January 25, 2007. Diane Togstad (dtogstad@cedarridgellc.com) states that there is a water transfer station located at the Robidoux 23-13 CBM #1 site but that the E&P Waste Facility was never constructed, and therefore has requested the bond be released.

Should you have an issue with either of the Bond Releases notify me with the details by email. Email me again when the issue has been resolved, and the bond release is approved.

Thanks!

From: Terry L. Logan [mailto:tlogan@cedarridgellc.com]
Sent: Monday, January 15, 2007 9:34 AM
To: Chesson, Robert
Cc: Diane Togstad; JoDell Mizoue
Subject: RE: Robidoux 23-13 CBM #1 - Centralized E&P Waste Handling Facility

Bob,

I will call you to discuss.....The "Facility" #268123, which is actually an Earthen Pit, was never constructed. The application for the waste water facility was for an Earthen Pit to be used in conjunction with an approved water disposal permit that had been received from the Colorado Department of Health. The surface discharge design included a settling pond (earthen pit) for the produced water prior to surface discharge. Cedar Ridge was required to post the \$50,000 Centralized E&P Waste Handling Facility bond for the Earthen Pit construction prior to approval of our application for the Earthen Pit by the COGCC. The bond was posted and the COGCC approved the Earthen Pit Application on 6/2/2003. However, the earthen pit was never constructed because further investigation into the cost to treat the water for surface discharge showed the treatment costs to be prohibitive. Cedar Ridge re-injects all of the produced water in the approved COGCC water disposal well Moffat 26-12-89 #1 SWD.

Part of the confusion comes from the fact that on this same well location (Robidoux 23-13 CBM #1) booster pumps with water tanks are installed that are used to pump water around the field via underground steel water pipelines.

Cedar Ridge has sold the property to New Frontier effective November 1, 2006 and therefore is seeking to get this bond released because the Earthen Pit for which the bond was required, was never constructed.

I hope this is helpful and please don't hesitate to call if you have any questions or need any additional information...

Terry

Subject: Robidoux 23-13 CBM #1 - Centralized E&P Waste Handling Facility

Hi Terry

It seems that there is some confusion regarding the facility that CR permitted with us last fall. CR had the facility permitted but the buyer (?) seems to believe that the facility was never constructed. Was the facility ever constructed? Does it still exist?

Thanks in advance.

P.S. I am also sending you a voice mail regarding this site.

Hi Jay,

No, this is not the main Bond release. Bond section is looking to release the E&P Waste Facility Bond at the Robidoux 23-13 CBM #1. Thanks for your help!

Jay: this isn't the "main" bond release for this operator, is it? Because I go up to their (two, I think) UIC (disposal wells) every year and have some minor issues (inadequate BMPs, sloppy housekeeping, and I'll have to check the Robidoux 23-13 later today). Give me a couple days to further investigate Cedar Ridge.

Marsha,

Please hold this bond release for a few days. I called John Duran to talk with him about the water transfer station and it may take a few days for him to get back to me.

Thanks,

Good Afternoon,

The Blanket E & P Waste Facility Bond for **Cedar Ridge, LLC, Operator Number 14775** will be released on or about January 25, 2007. Diane Togstad (dtogstad@cedarridgellc.com) states that there is a water transfer station located at the Robidoux 23-13 CBM #1 site but that the E&P Waste Facility was never constructed, and therefore has requested the bond be released.

Should you have an issue with either of the Bond Releases notify me with the details by email. Email me again when the issue has been resolved, and the bond release is approved.

Thanks!

Subject: Blanket E & P Waste Facility Bond for Cedar Ridge, LLC, Operator Number 14775

Marsha:

Regardless of the status of the facility (never constructed, constructed but not used, or constructed and in use) the COGCC staff would have to perform a bond release inspection prior to release of the bond unless the new owner was posting a like bond on the facility. Given the time of year and location of the facility (winter and in an area that has significant snow cover) and the large number of bond release inspections pending for the inspection staff, I wouldn't expect an inspection until sometime later in 2007 (most likely sometime in late spring/early summer) after the majority of the snow cover would be melted.

Hi Marsha,

I have learned that there is a water transfer station located at the Robidoux 23-13 CBM #1 site but that the E&P Waste Facility was never constructed.

Thought I would pass that information on.

Hi Randall,

I checked several Operators to make sure they had Bonds for their E&P Waste Facilities, and returned the list to you without keeping a copy for the Bond Section. I believe the Robidoux 23-13 CBM #1 E&P Waste Facility was on that list. Will you check your list for me and let us know if it is okay to release this E&P Waste Facility Bond?

Thanks!

Marsha,

Cedar Ridge LLC needs to have Performance Bond #LPM8838371 release. It was issued for an E&P Waste Facility which was never constructed.

We have sold all interest in the project.

What steps do I need to take to have this Bond released? Please advise.

Thank you,

Diane K. Togstad
