DOW	The BMPs as submitted by the operator are applicable to the site.  by Michael Warren on Wednesday, December 8, 2010 at 8:35 A.M.	12/8/2010 8:36:10 AM
Permit	It appears that the "new Pad" Is more of an extension (some overlap) of the existing pad, therefore with the five existing and three proposed wells the total should be 8. The 8 would more accurately portray what is shown on the Construction Layout drawings. Email received from Miracle on 11/19/10 Good morning. I authorize this change.
