33. Comments No Conductor Casing will be used. We have been trying to get the SUA signed by surface owner since August 2010. Our latest attempt was 11/19/10 and he asked if we could postpone until the 1st of the year. We will continue to work with the surface owner to get the SUA signed, but for now we are using the Bond in order to get the permits submitted for approval. The surface owner is not in disagreement, he has just had too many other obligations conflicting with discussion of the SUA. This location was abandoned on Berry Petroleum's behalf, but Augustus Energy purchased Berry Petroleum 04/01/09 and Augustus would like to refile this location using the existing API #05-125-11429-00. A change of operator has also been submitted (3/05/10) changing the location from Berry to Augustus. All conditions remain the same
