**Attachments:** Soil #1.pdf

Rick,

- 1) **NRCS Attachment:** Please see attached NRCS Soil Unit Descriptions .
- 2) **Water Resources:** I approve changing the distance to nearest surface water to 1130 feet.

Thank you! Sorry I attached the incorrect file to the form 2A submission for the NRCS Descriptions.

Subject: EASTMAN CREEK 3-29H - COGCC review Form 2A (Doc 400123672) for EOG Resources

---

Hi Nanette,

The COGCC is reviewing the Form 2A oil and gas location assessment for the EASTMAN CREEK 3-29H well location in the NWNE Sec29 T11N R66W, Weld County, and requests the following changes be made to the Form 2A submitted by EOG:

- 1) **NRCS Attachment:** The NRCS attachment does not include soil descriptions for either unit. Please provide me the complete NRCS Soil Unit Descriptions and I will attach them to the Form 2A.
- 2) **Water Resources:** There is visible surface water in the intermittent drainage south of the location. Please approve me changing the distance to nearest surface water to 1130 feet.

Please contact me if you have any questions regarding this Form 2A.

Best Regards,
