Dear Mr. Neslin:

Carrizo Oil & Gas, Inc. have filed the above mentioned applications in order to re-enter an existing wellbore for listening purposes only. There will be no new disturbance or production established.

Carrizo currently has a drilling rig under contract and would like to pursue this location as soon as possible. Because this rig is already under contract and within the immediate area, if Carrizo is unable to fulfill the drilling contract, significant economic hardship to Carrizo would occur.

Therefore, Carrizo hereby requests that the oil and gas location assessment and drilling applications mentioned above are approved per Rule 303.I.(2) prior to the previously planned spud date. Enclosed, please find waivers from the operator and surface owner. If you have any questions, or need any additional information, please don't hesitate to contact me at the number shown above.

Sincerely,
PERMITCO INC.
