Rick,

Please modify the 2A to show amend instead of new. During the Noble process the tank battery location was changed from a new location to the well location . My apologies for not correcting the form to reflect this change.

Thanks,

Hi Cheryl,

The COGCC is reviewing the Form 2A oil and gas location assessment for the WELLS RANCH PC AA22-25 well location in the NWSW Sec22 T6N R63W, Weld County. Since the multi-well tank battery will be located on the PC AA22-25 well pad, this Form 2A should be to amend Location 418244.

Please approve me changing the Form 2A from "New Location" to "Amend Location 418244".

Please contact me if you have any questions.

Rick
