RE: Rule 318.A(a) and 318.A(c) Exception Location Waiver

Fritzler #12-21 Well: 1707' FNL, 543' FWL, SWNW Sec. 21-T6N-R66W, Weld County, CO
Fritzler #0-2-21 Well: 1706' FNL, 518' FWL, SWNW Sec. 21-T6N-R66W, Weld County, CO
Fritzler #2-2-21 Well: 1706' FNL, 569' FWL, SWNW Sec. 21-T6N-R66W, Weld County, CO

Gentlemen,

HRM Resources, LLC intends to drill three wells at the above referenced surface locations. Colorado Oil and Gas Conservation Commission Rule 318.A(a) stipulates that a Greater Wattenberg Area (GWA) well surface location must be within a 400' by 400' drilling window centered at the center of each quarter-quarter section, or inside a 800' by 800' drilling window centered at the center of each quarter section. In addition, Rule 318.A(c) stipulates that a GWA well shall not be less than 50' from an existing well. The above-described wells fall outside of these windows and are greater than 50' from an existing well. Per COGCC Rules we are required to get surface owner approval of this location and a waiver of said Rule 318.A(a) and Rule 318.A(c).

The nearest well to the proposed wells is the Fritzler #11-21, about 820' north of the location of these wells.

These wells are spotted as above, on a single site, in order to maximize future land use possibilities and minimize surface disturbance.

Should you find these locations acceptable please indicate so by signing the below section. Please contact the undersigned or Andy Peterson at 970-669-7411 with any questions.

Sincerely,

Clayton Duke
